VizSpace Group Definitions

1. Introduction

When users join a VizSpace, they specify a role (or group) for themselves that defines their relationship to the VizSpace. The Root Admin for that VizSpace manages the permissions to define what access the groups may have to the VizSpace and its Apps.

This document describes the groups that are available in VizSpace to be managed in the **Manage Permissions** page. Hoover over Accounts/Settings and click on Company/Team. Under VizSpace Settings, click on Manage Permissions.

2. VizSpace Groups

2.1 Memberships

This group consists of any VizSpaces that you are a member of. Granting permission to this group means that the VizSpaces that you are a member of are able to view your VizSpace and use any apps to which you have granted access for the **Memberships** group.

This document describes the groups that are available in VizSpace to be managed in the **Manage Permissions** page.

2. VizSpace Groups

2.2 *Company*

This group consists of any members of your Company VizSpace. Granting permission to this group means that the Root Admin(s) and Content Admin(s) of your Company VizSpace can view your VizSpace and use any apps to which you have granted access for the **Company** group.

2.3 *Anonymous User*

This group includes anyone who is either not a registered user of VizSpace or who is not currently signed in to VizSpace. Granting permission to this group means that anyone who is not signed into VizSpace can view your VizSpace and use any apps to which you have granted access for the **Anonymous User** group.

2.4 *Registered User*

This group includes anyone who has a VizSpace and is currently signed in. Granting permission to this group means that anyone with a VizSpace account and who is currently signed in can view your VizSpace and use any apps to which you have granted access for the **Registered User** group.

2.5 *Root Admin*

The Root Admin is the person responsible for managing the VizSpace. This includes:

- approving and managing members
- creating and editing profile and capability information
- managing permissions for members and groups
- adding, deleting, and managing apps

The **Root Admin** always has permission to view the VizSpace and use its apps.

2. VizSpace Groups

2.6 *Content Admin*

The Content Admin is the person responsible for managing the content in the VizSpace. The **Content Admin** always has permission to view the VizSpace and use its apps.

2.7 *Employee/Team Member*

The Employee/Team Member group consists of people who have joined your company VizSpace in the Employee/Team Member role. Granting permission to this group means that anyone who has joined your Company VizSpace in the Employee/Team Member role will be able to view your VizSpace and use the apps to which you have granted access for the **Employee/Team Member** group.

2.8 *Member*

The Member group consists of people who have joined your VizSpace as a member. Granting permission to this group means that anyone who is a member of your VizSpace will be able to view your VizSpace and use the apps to which you have granted access for the **Member** group.

2.9 *Contributing Member*

Contributing Members are those members of your VizSpace whose content on *their* VizSpace is searchable from *your* VizSpace. When users conduct searches from your VizSpace, the results will include content both from your VizSpace as well as from your contributing members. Granting permission to this group means that anyone who you have approved as a Contributing Member will be able to view your VizSpace and use any apps to which you have granted access for the **Contributing Member** group.

2. VizSpace Groups
